

## Jens Blomgren-Hansen

Partner (Copenhagen)

Jens primarily advises on project and structured financing, capital funding, company law and energy law, including the buying, selling, structuring and financing of renewable energy projects. He became a partner in 2008.

Jens also advises on legal/construction project risk management and investment, and the setting up of businesses in a number of Asian markets

([see Kromann Reumert's China Network Forum on LinkedIn](#)).

Highly specialised in his core areas, Jens is recognised for his ability to understand the needs and interests of each individual client.

Jens has helped structure several ground-breaking investment products, many of them based on renewable energy projects. He has also been strongly involved in a number of internationally acclaimed project financing cases.
